Adaptability
Attention to Detail
Time Management
Teamwork

Pratik Sanjay Patil

Full Stack Web Developer

Professional Summary

Versatile Full Stack Web Developer proficient in JavaScript, React.js, Node.js, and Express.js with expertise in the MERN stack. Demonstrates strong problem-solving skills coupled with a proactive attitude towards learning new technologies. Successfully integrates Generative AI and adapts swiftly to evolving tech landscapes for optimal web solutions.

Projects

Revv Clone Site [Live Demo Link](#) [Github Repo Link](#)

HTML5 JavaScript CSS3 Git

Responsive Web Design

- Designed and implemented a responsive clone of rev.com, showcasing proficiency in front-end development and responsive web design with HTML5, CSS3, and JavaScript.
- Integrated dynamic elements such as live search and interactive forms using JavaScript, enhancing user engagement and interactivity.
- Conducted rigorous testing to ensure cross-browser compatibility and identified and rectified issues, ensuring consistent functionality.
- Applied responsive web design principles.

FarmaEasy Clone Site [Live Demo Link](#) [Github Repo Link](#)

JavaScript HTML5 CSS3

Responsive Web Design Git

- Developed a front-end clone of the PharmEasy website using HTML, CSS, and JavaScript, focusing on an engaging and responsive design.
- Implemented modern and consistent styling, including dynamic elements such as sliders and interactive forms to enhance user engagement.
- Ensured optimization for various screen widths to provide a seamless experience on desktops, tablets, and mobile devices.
- Maintained clean and organized HTML for easy navigation and readability across different devices.
- Demonstrated strong skills in responsive web design.
